Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr. Ananian was interested in finding allowable limitations related to an application program written to operate on a single computer. Mr. Rutten indicated that a previous after-final amendment including similar limitations was filed but not entered because it required further consideration and/or search. Mr. Rutten further indicated that even if such a limitation were enough to overcome the rejections (such a determination would require further consideration), further search would still be required.
